Arcaprofil S.p.A.
Via Bedesco
24033 Calusco D`Adda

The above organisation is hereby entitled, on the basis of certificate No. 20 09 90323 001 and the appendant test report No. 3154948, to affix the certification body's certification mark shown below to the following product (see description below).

Requirement:

The product satisfies the requirements of the TÜV SÜD test programme in accordance with QA work instruction MUC-KSP-A 1045.

Testing of the quality of Greenwall sheet piling:

- In a bog environment
- Ageing performance

For the following plastic sheet piling:

- GREENWALL PVC SHEET PILING

Product description:

The above Greenwall sheet piling is made from a PVC plastic (filled) and is used to separate, support and seal abrupt topographical changes, excavations or water areas.

This certificate is valid to September 2023.
 Product monitoring is carried out at annual intervals.
